

## **Captain M J Sayeed Scholarship**

NOL is proud to be associated with captain Sayeed and recognizes his courage in taking up the NOL challenge, and his willingness to leave the comforts of his home in Karachi to nurture a new generation of leaders in shipping and transport logistics.

For the inaugural year, two scholarships will be awarded. One to a Pakistani student and another to a Singaporean student. The Scholarship is for the Master of Science (Maritime Studies) degree programme at the Nanyang Technology University in Singapore. This programme produces high Caliber and Talented graduates, enabling them to gain deeper understanding of key topics related to the Maritime business.

Jointly conducted by NTU and the Norwegian School of Management (BI) graduates will be conferred a Mater of Science (Maritime Studies) degree by NTU.

### **Course duration**

The minimum duration to complete the basic MSC programme is 2 semesters (1 year) for full time students, and 4 semesters (2 years) for part time students.

### **Admission Requirements**

We Invite applicants with a good bachelor's degree in shipping business on a related discipline in science and engineering. Prior working experience in shipping is recommended. Applicants with advanced maritime training with Certificate of Competency (Class 1) recognized by the Maritime and port Authority of Singapore are also eligible to apply.

More detailed information on the programme is available at [www.ntu.edu.sg/coo/ms/msc](http://www.ntu.edu.sg/coo/ms/msc)
